RE: Final Decision Regarding the Key Colony Beach, FL Main Post Office relocation project

Dear Mr. Turner:

In accordance with 39 C.F.R. § 241.4, this is the United States Postal Service's final decision with respect to the Postal Service's proposal to relocate retail services from the above-referenced Post Office to a new location as close as possible to the current location and within the ZIP code.

The Postal Service presented the proposal to you on April 19, 2023, and mailed a postcard to local residents and businesses on August 17, 2023, asking for community input. The Postal Service has carefully considered all comments received from the public. For the reasons set forth below, the Postal Service has decided to proceed with the relocation.

The Postal Service is relocating because the Landlord of the current facility will not renew our lease due to the property being redeveloped. The Postal Service anticipates providing the same services at the new location as provided to our customers at the former location. Additionally, the Postal Service plans to continue services at the existing temporary Post Office until the new facility has been completed.

While the Postal Service is sensitive to the impact of this decision on its customers and the Key Colony Beach community, the Postal Service properly considered community input and this decision is consistent with Postal Service objectives. Postal Service operations are not supported by tax dollars. To be self-sustaining, the Postal Service must make decisions that ensure it provides adequate and affordable postal services in a manner that is as efficient and economical as possible.

This is the final decision of the Postal Service with respect to this matter, and there is no right to further administrative or judicial review of this decision.

Sincerely,

E-SIGNED by BENJAMIN.P KUO
